

General Terms of Purchase (Spain)

1. Scope

Unless otherwise agreed upon with the Purchasing Department (the "Purchasing Department"), these General Terms of Purchase shall apply to all purchases made by the company NIDEC MOTORS & ACTUATORS (SPAIN) S.A.U., with registered seat located at Calle Guifré el Pilos, s/n Poligono Industrial Can Vinuyals, 08130 Santa Perpetua de Mogoda (Barcelona), Spain, with NIF number A61794921, (hereafter NMA), whether they be for tools, machines or equipment, parts, raw materials, other materials, or services (the "Supply" or the "Supplies").

2. Orders

Purchase Order:

Supplies must always be the subject of a purchase order (the "Order"), valid either for an unlimited period of time (the "Open Order") or for a limited period of time (the "Closed Order"). Orders shall be made by mail, fax, or any electronic means that has been agreed upon.

Acceptance of the General Terms of Purchase:

The General Terms of Purchase shall be deemed accepted upon receipt of the acknowledgment of receipt attached to the Order, which is to be returned to the Purchasing Department by the supplier (the "Supplier") by mail, fax, or any electronic means that has been agreed upon, at the latest within eight (8) business days from the Order date. These General Terms of Purchase shall prevail over the Supplier's terms of sale. In the absence of an acknowledgment of receipt, the beginning of the performance of the Order shall be deemed an express acceptance of these General Terms of Purchase and shall automatically entail the Supplier's waiver of its own terms and conditions.

Acceptance of these General Terms of Purchase shall automatically mean that the Supplier undertakes to comply with the NMA Production System and the NMA Quality System, as well as any other Quality control procedure(s) that may be implemented during the Order.

Supplier's Specific Obligations:

The Supplier, a professional in its field, is perfectly aware of the demands and requirements of the Automobile Industry, in particular in terms of quality, cost, and deadlines. The Supplier shall deliver the Supplies in compliance with this Industry's standards and customary practices, as well as with laws, regulations and standards in force concerning health, safety, environmental protection, and labor laws, in particular in each of the countries where the Supplies are manufactured, and the vehicles on which they are used, sold. The Supplier shall hold harmless and defend NMA from and against any claims arising out of breach of these provisions and shall bear all the direct and indirect consequences thereof, in such a way that NMA shall never be troubled.

The Supplier shall deliver the Supplies in compliance with all other documents that govern the relations between NMA and the Supplier in connection with the Supply and that are complementary to these General Terms of Purchase, in particular the drawings, specifications, list of requirements, etc (the "Documents"). In particular, the Supplies shall have to be compliant with environmental requirements specified under ISO 14001.

At NMA's first request, the Supplier undertakes to make any modification to the Supply, to provide any and all information about the Supplies or the Order, and to attest to the country of origin of the Supplies and the composition of what is used in the Supplies.

The Supplier shall not modify the Supply in any way, in particular by changing its components, materials, the process(es) used for it, or its place of manufacture without prior approval, within the meaning given in the NMA Quality Procedures and by customary rules and practices in the Automobile Industry.

The Supplier agrees to deliver the Supply for the needs of the spare parts' market for a period of ten years after the sale of the last vehicle of the model(s) in the range on which said Supply was used.

In order to permanently maintain the competitiveness of both the Supply and the NMA products in which said Supply is used, the Supplier agrees to implement measures to increase productivity continuously. The minimum level of annual productivity for the Supply shall be established by mutual agreement.

Acceptance of the Order shall automatically bind the Supplier to strictly comply with the delivery deadline shown either on the Closed Order or on the delivery schedule sent by EDI, WebEDI, or by fax in the event of an Open Order. No early delivery shall be accepted without prior agreement and expenses therefore shall be borne by the Supplier.

The Supplier shall indemnify and compensate NMA for all direct and indirect costs resulting from failure to respect the delivery deadline, in particular those related to shutdowns of production or assembly lines at NMA's facilities or those of its customer(s). Furthermore, NMA shall have the option of canceling the Order in

accordance with point *Cancellation* herein. Any extra cost caused by being forced to order Supplies from a third party shall be borne by the Supplier.

3. Intellectual and Industrial Property Rights

The Supplier shall be personally responsible for the validity of the intellectual and industrial property rights related to the Supplies, as well as the free use of the Supplies as regards the intellectual and industrial property rights of any third party. The Supplier shall hold NMA harmless from any complaint and/or claim made by a third party.

In the event a third party would initiate proceedings requesting that the use, marketing, or sale of the Supplies be forbidden, limited, or modified, the Supplier shall be solely liable for the consequences resulting from these proceedings that may give rise to payment of damages, including any negative effect they might have on NMA's corporate reputation. The Supplier shall indemnify and compensate NMA for all damage sustained as a result of the partial or total failure to perform any contract(s) binding NMA to its customer(s) in relation to the Supplies, including any damage payments that NMA might owe to its customer(s) for failing to fulfill its commitments and the extra cost caused by any modification needed for the Supplies and/or the tools involved.

Furthermore, NMA shall have the option of canceling the Order in accordance with point *Cancellation* herein. In the event the Order is cancelled for any reason whatsoever, the Supplier hereby authorizes NMA to complete or cause to be completed the tools and equipment in order to ensure or cause to be ensured their maintenance and/or to manufacture the parts for which they are intended, notwithstanding any intellectual and/or industrial property rights which the Supplier may claim and which the Supplier hereby waives using against NMA or any third party mandated by NMA in connection with this. Furthermore, the Supplier shall, at first request, provide all drawings, technical documents and know-how related to the tools, equipment, and/or parts.

4. Prices, Invoicing, and Payment Terms

Prices:

Applicable prices shall be those shown on the Order. They shall be firm and may not be revised and shall be understood "Delivery Duty Paid", or "DDP", (as defined in Incoterms 2000 or any subsequent Incoterms that may be substituted for Incoterms 2000), place of delivery. They may not be modified in any way whatsoever without the express agreement of both parties. Neither of the two parties may suddenly stop performing the Order. The party whose price proposal was refused after negotiations in good faith may terminate the Order subject to the conditions set forth herein, but in the event of termination by the Supplier, NMA must be able to ensure the continuation of the performance of its obligations to its customer(s) until manufacture of the Supply that is the subject of the terminated Order begins once again at another supplier's facilities.

Invoicing and Payment Terms:

All the details shown on the Order that allow the Supplies to be identified and checked shall be shown clearly on the invoice. The invoice must mandatorily be sent to the address shown on the face of the Order.

Unless stipulated otherwise, all the Supplies shall be payable by "Domiciled Payment" for the Suppliers established in the Spanish territory and by "Bank Transfer" for the Suppliers not resident in Spain. The term of payment shall be ninety (90) days from the end of the month of the invoice on the 10th of the following month. NMA shall have the option of offsetting by means of "debit note" any amounts owed to it by the Supplier for any reason whatsoever in connection with the Order. Unless expressly authorized by NMA, the Supplier may not assign by any means whatsoever its credits against NMA.

5. Packaging and Shipping Documents

The Supplier shall deliver the Supplies in a packaging that is adapted to the type of Supplies involved, the way they are shipped, and the way they will be stocked, in order to deliver them in perfect condition.

Each packaging unit must legibly show on the outside the notices required by the applicable shipping regulations, as well as any instructions for special conditions required for stocking. These notices shall show the Order number, the batch number, the exact name of the Supplies, the sender and recipient's exact names and addresses, the quantity delivered, and the gross and net weight. Two (2) exact copies of the delivery slip shall accompany the delivery and shall enable the Supplies to be identified, checked as to their quantity, and if applicable, shall include any material safety data sheets.

The Supplier shall be financially responsible for any damage (breakage, missing items, partial damage, etc.) to the Supply as a result of inappropriate or inadequate packaging.

6. Delivery

Supplies shall be delivered to the place of delivery shown on the Order.

NMA reserves the right to refuse the Supplies by ordinary letter, fax, or any other electronic means agreed upon in the event the delivery deadline is not respected or that delivery is incomplete or contains more Supplies than ordered or does not comply with the Order and/or the Documents.

Any Supply that is refused shall be returned to the Supplier at its own expense and risks within eight (8) days from the date of the notice of refusal of delivery.

The Supplier shall indemnify and compensate NMA for any extra cost related to its failure to perform its obligation to deliver Supplies that conform exactly to the Order (rejects, stocking, sorting, interim costs, re-work, breakage of tools, breakdowns, and/or line stoppage at NMA or its customer's facilities, yard campaigns, penalties, ordering Supplies or tools from a third party, etc.). NMA shall have the option of canceling the Order in accordance with point *Cancellation* herein.

7. Warranties

The Supplier, an expert in its field, is bound by an absolute and determinate result as regards the Supplies and in connection with this, assumes full responsibility and liability for the Supplies, their design, the manufacturing processes used to produce them, the technical choices to be implemented for their production, and their fitness for the particular purpose for which they are intended. The Supplier warrants that it is perfectly aware of this, no matter what assistance NMA may have provided during the development stage of the Supplies.

The Supplier warrants the Supplies against any non-conformity to the Order and/or the Documents from the time of delivery, whether the defect is the result of an error in design, materials, or manufacturing, as more generally, against any hidden or obvious defects.

Should NMA, its customer(s), or competent authorities decide to recall a Supply or a product in which any Supplies have been used, the Supplier shall indemnify NMA for all damage sustained.

The Supplier shall hold NMA harmless from any loss, personal injury, material, consequential and incidental damages, including any damage to NMA's reputation, and shall indemnify NMA against any direct and indirect costs arising out of breach of Supplier's obligation to deliver Supply free from defect, and if applicable, out of related breach of NMA's obligations to its customer(s) (reimbursement or free replacement of the defective Supply, labor expenses, sorting, interim costs, exceptional shipping, line stoppage at NMA or at the facilities of its customer(s), yard campaigns, recalls, penalties, cost of ordering Supplies from a third part, including tools, etc.). Any provision that might limit or decrease this liability is null and void.

8. Insurance

The Supplier shall take out an insurance policy with a reputedly solvent insurance company, in compliance with NMA conditions and shall provide proof thereof at first request. This insurance shall in no event constitute a limitation of the Supplier's liability.

9. Non-transferability – Subcontracting

The Supplier may not sell or transfer all or any part of the Order, even free of charge, without NMA's prior, express authorization.

In the event direct or indirect control of the Supplier is changed or its business is sold or transferred, NMA shall have the option of canceling the Orders in progress in accordance with point *Cancellation* herein.

The Order may not be subcontracted by the Supplier, whether in full or in part, directly or indirectly, without NMA's prior, express authorization.

Should the Supplier be authorized to subcontract all or any part of the Order to a third party, the Supplier shall remain solely and fully responsible and liable to NMA for performance of the Order and these General Terms of Purchase. The Supplier shall compensate and hold NMA harmless from any claim from the subcontractors.

10. Confidentiality

All information provided to the Supplier by NMA or one of its affiliates or representatives, including, but not limited to, technical, industrial, commercial, or financial information, no matter how said information may have been provided (orally, in writing, or other), including but not limited to the designs, drawings, descriptions, specifications, reports, microfilms, computer disks, software and documentation related thereto, samples, prototypes, etc. shall be confidential (the "Information").

The Information shall also include information of which the Supplier's employees or agents, suppliers, subcontractors, representatives, and/or permanent or temporary collaborators may become aware during the Order.

The Information may only be used in connection with the Order. The Supplier shall take all measures to ensure that no Information is disclosed or revealed to a third party.

Any failure to comply with this obligation of confidentiality shall result in the application of point *Cancellation* herein.

This obligation of confidentiality shall remain in effect for a term of five (5) years after termination of the Order for any reason whatsoever. Once the Order is finished, the Supplier shall, at first request, return to NMA all documents related to the Order, whether confidential or not, without keeping any copy unless NMA has granted its prior, express authorization to do so.

11. Transfer of Ownership/Risks

Any stipulation of any nature reserving to the Supplier directly or indirectly ownership rights of the Supplies until full payment of the Price of the Supplies shall be null and void. The Supplier hereby waives any and all claims with respect to such stipulation. During the Order and prior to delivery, NMA reserve the right to audit all manufacturing processes for the Supplies and the Supplies themselves on the Supplier's premises or those of its subcontractors, if applicable. The Supplier hereby agrees to grant NMA free access to its premises at any time and to ensure that NMA has free access to its subcontractors' premises and to give NMA the possibility of testing the Supplies without said testing limiting in any way the Supplier's liability or warranties.

Risks of loss of the Supplies shall be transferred when delivery of the Supplies is accepted, no matter what delivery conditions may be shown on the Order.

12. Molds, Tools, and Other Specific Equipment

All molds, tools, and other specific equipment provided by NMA for the needs of the Supplies (the "Equipment") shall remain NMA's exclusive property. The same shall be true for Equipment created at NMA's request and on its behalf, as it is created, including the related industrial or intellectual property rights.

In all cases, the Equipment shall be deemed to have been left on deposit at the Supplier's premises for the purpose of the Order, even in the absence of any specific loan agreement or deposit slip. The Equipment may only be used for the needs of the Order and may not be lent, made available to a third party, reproduced, or copied. At the Supplier's expense, the Equipment shall be marked by an easily visible non removable identity plate that shall state "Property of NMA – may not be sold, transferred, or pledged" and it may not be pledged and/or granted as security. The Equipment may be taken back by NMA at any time.

As bailee of the Equipment, the Supplier shall warrant its perfect servicing, well-keeping, verification, and maintenance so as to prevent in particular any deviations in the manufacturing process or breakdown in supply, and shall provide a precise and detailed inventory of it at NMA 's first request and as often as necessary. Likewise, the Supplier shall be responsible for replacing the Equipment in the event of loss, theft, destruction, or premature wear and tear. In connection with this, the Supplier shall take out all necessary insurance policies covering risks and damage that the Equipment may cause to third parties and shall provide proof of said insurance at NMA's first request.

Upon termination of the Order for any reason whatsoever, the Equipment shall be returned to NMA in full ownership at NMA's first request.

13. Termination – Cancellation

Termination:

The Open Order is placed for an unlimited period of time and the quantities for which NMA commits itself shall be those shown on the delivery schedules. NMA may terminate the Open Order at any time by certified letter with return receipt subject to prior notice of three (3) months. The notice period may be reduced by express agreement of the parties in the event of an emergency. During the notice period, the Order must be performed in accordance with the contractual terms and conditions that are in effect at the time of notice of termination is sent, in particular regarding price. Termination of the Order shall not give rise to any indemnity or compensation being owed to the Supplier for any reason whatsoever.

The Closed Order is placed for a limited period of time and may not be renewed.

Cancellation:

The Order shall be terminated without any formality upon NMA's notice in writing by way of certified letter with return receipt to the Supplier if the Supplier fails to perform or observe any of its contractual obligations, provided that the Supplier fails to remedy in part or in total such breach within eight (8) days of receipt of such notification requiring it to do so. NMA shall have the right to pursue any and all remedies for such breach as are permitted by applicable law.

14. Miscellaneous

If any of the provisions of these General Terms of Purchase shall be held invalid or unenforceable, the remaining provisions shall remain in full force and effect.

Failure by NMA at any time to exercise any of its rights under these General Terms of Purchase, the Order and/or the Documents shall not be deemed a waiver thereof, nor shall such failure in any way prevent NMA from subsequently asserting or exercising such rights.

The Supplier shall make no reference to its commercial relations with NMA without NMA's prior, express authorization.

In the event of a dispute, Spanish law shall be the governing law and exclusive jurisdiction shall be granted to a common court competent for NMA's registered seat. The Vienna Convention of 1980 on the International Sale of Goods shall not apply.

Data relating to a physical person who is a supplier will be integrated into a data base. The purpose of this data base is to manage orders and payments. The data contained in this data base may be transferred to

A **Nidec** Group Company

Nidec All for dreams
Motors & Actuators

any company in the Nidec Group. Any Supplier who is a physical person may have access to his/her data in order to verify, correct or cancel any such personal data by a registered letter with acknowledgement of receipt to NMA.
